

DE-COMP COMPOSITES, INC.

D3000-7

BREATHER/BLEEDER

D3000-7 is a high denier fiber; non-woven polyester felt that has an excellent drape which enables it to conform closely to the contour of the part. D3000-7 is an excellent choice of breather if the 4 ounce is too light and the 10 ounce is too heavy for your lay up.

D3000-7 will not trap-off, as many other 7 ounce breathers will do during a normal 85-100 psi (5.9-6.9 bars), 350°F/177°C cure.

PROPERTIES

Maximum Use Temperature	400°F/204°C
