

# DE-COMP COMPOSITES, INC.

## A100

### NYLON PEEL PLY

A100 is a close-weave nylon fabric that has been scoured and heat set. Scouring eliminates contamination from sizing and lubricants used during the manufacture of the fabric, and heat setting reduces the shrinkage and fraying of the fabric during cure.

A100 is ideal for use on composite assemblies where secondary processing is required after the peel ply fabric has been removed.

A100 is not recommended for assemblies containing phenol resins.

o

### PROPERTIES

Maximum Use Temperature	350°F/177°C
Weight (oz/yd <sup>2</sup> )	2.4
Thickness (inches)	0.006
Standard Roll Size	42" x 100 yd 60" x 100 yd
Color	White

Note: Roll lengths may vary  $\pm$  10%
