

# DE-COMP COMPOSITES, INC.

**D4444G**

## Tight Weave Peel Ply

D4444 is a polyamide tight-weave fabric, coated with a proprietary heat reacted release agent, and was specifically designed for use in composite fabrication.

D4444 has excellent drape and release capabilities which readily meets most process requirements and leaves a smooth finish on processed details.

D4444 is compatible with most epoxy and polyester resin systems, however, testing is advised before using with any resins containing phenol.

PROPERTIES	
Maximum Use Temperature	375°F/191°C
Weight (oz/yd <sup>2</sup> )	2
Standard Roll Size	60" X 100 yd
Color	Green
