D7007

Sealant Tape

D7007 is a sealant tape designed for use in vacuum bagging. It will maintain an air tight seal during the cure cycle, and strip clean from the mold during de-bagging. The tool must be at room temperature before removing the tape & bag film. It is formulated without asbestos or solvents. This product must be used within one year after the date of manufacture for satisfactory performance.

ADVANTAGES:

- Easy to apply by hand (User friendly)
- Tenacious adhesion to most films and tool surfaces
- Strips clean from tool surfaces at room temperature
- Non-Hazardous and thermally stable
